Write your score for each of the following questions. For example, in Group A, if you wrote down a “5” (strongly agree) for Question # 6, then put a 5 in the space to the right of that number. Feel free to ask your teacher for help.

At the bottom of each group, add up all the 5s, 4s, 3s, 2s, and 1s and put the total in the shaded square. For example, if you have a 1, 2, 3, 1, and a 3 in Group A, put a “10” in the shaded space next to “Total.” Ask for help if you need it.

Multiply that number by 2 and put the answer in the very bottom square. For example, if you get a total of 10 in Group A, put a “20” in the bottom square. Fill out 1-3 at the bottom of the page and ask your teacher for help interpreting.
